| Day 1 - Friday, 6 November | | | | |
|---|---|---|---|---|
| **TIME** | **ID ABSTRACT** | **SESSION** | **PANELISTS** | **TYPE OF ABSTRACT** |
| 08:00 | | **WELCOME TO THE AUDIENCE** | Giampaolo Gini & the Board of EVRS | |
| | | **AMD**<br>**Moderators: Agnieszka Nowosielska, Vladmir Poposki** | | |
| 08:15 | 29 | Illusions of reality | Youstiena Naguib | Oral Presentation |
| 08:20 | 254 | Association between drusen characteristics and microperimetric function in early and intermediate age-related macular degeneration | Figen Bezci Aygun | Oral Presentation |
| 08:25 | 531 | Evaluation of fellow eyes of unilateral exudative AMD patients to assess non-exudative macular neovascularization | Palaz Izlem | Oral Presentation |
| 08:30 | 179 | Real-world setting comparison of aflibercept and faricimab in neovascular age-related macular degeneration | Vladimir Poposki | Oral Presentation |
| 08:35 | 503 | OCT-Angiography-driven personalized anti-VEGF therapy in neovascular AMD: a abstract title: OCT-angiography-driven personalized anti-VEGF therapy in neovascular AMD: a biomarker-based treatment algorithm biomarker-based treatment algorithm | Radina Kirkova | Oral Presentation |
| 08:40 | | DISCUSSION | | |
| 08:50 | 95 | Vitrectomy with subretinal T-PA in the treatment of submacular hemmorrhages in wet AMD | Agnieszka Nowosielska | Oral Presentation |
| 08:55 | 451 | Comparative outcomes of different treatment strategies for fovea-involving submacular hemorrhage secondary to neovascular age-related macular degeneration | Constantine Angelidis | Oral Presentation |
| 09:00 | 470 | “Extreme retina & beyond” - submacular transplantation of human amniotic membrane graft after removal of sub-retinal blood in massive subretinal hemorrhages | Subhendu Boral | Oral Presentation |
| 09:05 | 301 | Subretinal scar excision with and without autologous choroid-RPE graft in patients with advanced age-related macular degeneration | Eyyup Karahan | Oral Presentation |
| 09:10 | | DISCUSSION | | |
| | | **MEDICAL RETINA - PART I**<br>**Moderators: Francesco Barca, Hany Hamza** | | |
| 09:18 | 66 | MVPR: a newly recognised retinal entity where observation is the intervention | Bani Waseem | Oral Presentation |

| | | | | |
|---|---|---|---|---|
| 09:23 | 480 | Retinal pigment epithelium tears: to inject or not? | Nikita Gupta | Oral Presentation |
| 09:28 | 347 | Brachytherapy for choridal hemangioma: a sight saving procedure | Hany Hamza | Oral Presentation |
| 09:33 | | DISCUSSION | | |
| 09:39 | 180 | Familial retinal arterial macroaneurysms (fram) | Mohammad Alhazzazi | Oral Presentation |
| 09:44 | 222 | OCT Biomarkers for the diagnosis of polypoidal choroidal vasculopathy: beyond indocyanine green angiography | Panos Gartaganis | Oral Presentation |
| 09:49 | 247 | Focal navigated laser photocoagulation in chronic central serous chorioretinopathy: clinical results in initial case series | Ozlem Ozkan | Oral Presentation |
| 09:54 | 48 | Beyond central serous retinopathy: unusual maculopathies with chronic serous retinal detachment | Rohan Suresh Ninan | Oral Presentation |
| 09:59 | | DISCUSSION | | |
| | | **MEDICAL RETINA (MACULAR EDEMA, CSCR, OTHERS) - PART II**<br>**Moderators: Saad Waheeb, Banu Turgut Ozturk** | | |
| 10:07 | 459 | Morphological and quantitative analysis of macular neovascularization in pachychoroid neovasculopathy after three loading doses of anti-VEGF injections: an OCT angiography study | Ayna Sariyeva Ismayilov | Oral Presentation |
| 10:12 | 129 | Pachychoroid disease spectrum: not solely vortex veins anastomosis for developing new outflow pathways. | Giuseppe Donvito | Oral Presentation |
| 10:17 | 156 | The great masquerader: fibrinoid chronic central serous chorioretinopathy simulating adult-onset vitelliform dystrophy | Erika Alejandra Hernandez-Lizarraga | Oral Presentation |
| 10:22 | 506 | Efficacy and safety mesenchymal stem cell therapy in retinitis pigmentosa: 2-year follow-up results | Nil Irem Ucgun | Oral Presentation |
| 10:27 | 398 | Efficacy and safety of faricimab in diabetic macular edema: real-world outcomes in previously treated eyes | Saad Waheeb | Oral Presentation |
| 10:32 | | DISCUSSION | | |
| 10:42 | 437 | Large drusen-like deposits as an unusual ocular manifestation of systemic lupus erythematosus: a case report | Hamza Krifa | Case Presentation |
| 10:44 | 227 | Exudative retinopathy in a mayan female patient | Ermilo Sanchez Buenfil | Case Presentation |

| | | | | |
|---|---|---|---|---|
| 10:46 | 268 | When the eye reveals the diagnosis: waldenström macroglobulinemia presenting with ocular manifestations | Francisca Maia | Case Presentation |
| 10:48 | 184 | Seven-year longitudinal multimodal imaging follow-up of acute zonal occult outer retinopathy presenting as pseudo-bitemporal hemianopia | Tejaswita Verma | Case Presentation |
| 10:50 | | DISCUSSION | | |
| 10:58 | | **COFFEE BREAK** | | |
| 11:18 | | **OPENING CEREMONY** | Giampaolo Gini & the Board of EVRS | |
| | | **INNOVATION IN DIABETIC RETINOPATHY - PART I**<br>**Moderators: Ron Adelman, Tatiana Avanesova** | | |
| 11:48 | 207 | Tissue plasminogen activator for organized hemorrhagic plaques at the silicone oil-retina interface following vitrectomy for proliferative diabetic retinopathy: a case series | Julio Daniel Grigera | Oral Presentation |
| 11:53 | 266 | Role of internal limiting membrane peeling in vitrectomy for diabetic tractional retinal detachment | Shefali Bansal | Oral Presentation |
| 11:58 | 296 | The relationship between disorganization of inner retinal layers and visual prognosis after vitreoretinal surgery in patients with proliferative diabetic retinopathy | Esin Saygili | Oral Presentation |
| 12:03 | 304 | Bilateral diabetic tractional retinal detachment: decision-making and outcomes | Tatiana Avanesova | Oral Presentation |
| 12:03 | | DISCUSSION | | |
| 12:11 | 411 | Intraoperative optical coherence tomography in diabetic retinopathy vitrectomy: enhancing surgical decision-making and anatomical outcomes | Raja Zhioua | Oral Presentation |
| 12:16 | 452 | Predictive factors, timing, and management of recurrent vitreous hemorrhage after pars plana vitrectomy in advanced proliferative diabetic retinopathy | Hande Naz Goksu | Oral Presentation |
| 12:21 | 464 | The benefits of using low molecular weight heparin during diabetic vitrectomies | Brahim Bouassida | Oral Presentation |
| 12:26 | | DISCUSSION | | |
| | | **INNOVATION IN DIABETIC RETINOPATHY - PART II**<br>**Moderators: Ron Adelman, Aurora Pecaku** | | |
| 12:32 | 542 | Can diabetic tractional retinal detachments be managed unimanually? Predictors of conversion to bimanual dissection during 27-gauge vitrectomy | Gizem Bayram | Oral Presentation |

| | | | | |
|---|---|---|---|---|
| 12:37 | 28 | Impact of pre-injection posterior vitreous detachment status on anti-VEGF treatment burden in diabetic macular edema: a quantitative parafoveal OCT analysis | Ji Eon Kang | Oral Presentation |
| 12:42 | 193 | The effect of internal limiting membrane peeling and silicone oil tamponade on the retinal ganglion cell layer in diabetic tractional retinal detachment surgery | Semra Tiryaki Demir | Oral presentation |
| 12:47 | | DISCUSSION | | |
| 12:53 | 431 | Morphological features of tractional retinal detachment: the importance of outer retinal corrugations | Aurora Pecaku | Oral presentation |
| 12:58 | 417 | Retinal microvascular changes across different stages of systemic diabetic microvascular disease: a deep learning-based fundus image analysis | Ceren Durmaz Engin | Oral presentation |
| 13:03 | 533 | Ocular hypertension and glaucoma after pars plana vitrectomy in diabetic patients: a systematic review and meta-analysis | Lorenzo Fabozzi | Oral presentation |
| 13:08 | | DISCUSSION | | |
| 13:14 | | **LUNCH + 30 minutes - BVI INDUSTRY SYMPOSIUM**<br>**Moderators/Speakers:** | | |
| | | **PEDIATRIC RETINA & ROP PART I**<br>**Moderators: Şengül Özdek, Shunji Kusaka** | | |
| 14:14 | 140 | Risk of treatment based on timing of stage 2 retinopathy of prematurity | Nimesh Patel | Oral Presentation |
| 14:19 | 159 | Longitudinal choroidal structural and vascular changes associated with defocus incorporated multiple segments (dims) lens wear in myopic children | Sümeyra Keleş Yeşiltaş | Oral Presentation |
| 14:24 | 291 | The effect of umbilical cord milking in reducing ROP of preterm babies | Tariq Ali | Oral Presentation |
| 14:29 | | Amazing spectrum of PFV | Şengül Özdek | Oral presentation |
| 14:34 | | DISCUSSION | | |
| 14:42 | 318 | Clinical profile and surgical outcomes of rhegmatogenous retinal detachment secondary to familial exudative vitreoretinopathy (fevr) | Komal Agarwal | Oral Presentation |
| 14:47 | 361 | Ten years experience in vitrectomy for ROP stage 4 and 5 in hospital professor doutor fernando fonseca | Susana Teixeira | Oral Presentation |
| 14:52 | 404 | Choroidal manifestations in acute retinopathy of prematurity | Subhadra Jalali | Oral Presentation |

| | | | | |
|---|---|---|---|---|
| 14:57 | 430 | Preventing childhood blindness at scale: outcomes of a technology-enabled ROP care network across 27 government nicus in india | Shalini Singh | Oral Presentation |
| 15:02 | 517 | Evaluation of retinal vascularization according to fluorescein angiography in infants born before 28 weeks of gestation who developed retinopathy of prematurity (ROP) after anti-VEGF treatment and spontaneously regressed retinopathy of prematurity | Gülçiçek Cayhan | Oral Presentation |
| 15:07 | | DISCUSSION | | |
| 15:17 | | **COFFEE BREAK** | | |
| 15:37 | | **PEDIATRIC RETINA PANEL**<br>**Moderators: Şengül Özdek, Subhadra Jalali**<br>**Panelists: Shunji Kusaka, Fanny Nerinckx, Ahmed Mansour, Nicola Ghazi, Ahmed El Shafei, Nimesh Patel** | | |
| 16:17 | | **THE BEST OF EVRS IMAGE BANK** | ImageBank Team | |
| | | **RETINAL DETACHMENT - PART I**<br>**Moderators: Ahmed Sallam, Katarzyna Chwiejczak** | | |
| 16:47 | 572 | Is Scleral Buckling Dying? National Trends in Retinal Detachment Repair and Contemporary Outcomes from an Academic Referral Center | Ahmed Sallam | Oral presentation |
| 16:52 | 114 | Pneumatic retinopexy for primary rhegmatogenous retinal detachment: a real-life experience | Fatma Sema Akkan Aydogmus | Oral presentation |
| 16:57 | 277 | The aberdeen pivot: a real-life audit of pneumatic retinopexy treated RRD patients in north-east scotland | Zain Amir | Oral presentation |
| 17:02 | 325 | How to simplyfy pneumatic retinopexy | Katarzyna Chwiejczak | Oral presentation |
| 17:07 | | DISCUSSION | | |
| 17:15 | 138 | Effect of residual subretinal fluid on retinal displacement and metamorphopsia after RRD | Yusuf Cem Yilmaz | Oral presentation |
| 17:20 | 303 | Clinical and surgical demographic characteristics of rhegmatogenous retinal detachment patients undergoing pars plana vitrectomy: a retrospective analysis | Dilan Yildiz | Oral presentation |
| 17:25 | 22 | Homography analysis of retinal displacement after pars plana vitrectomy for retinal detachment repair: a multicenter study | Koby Brosh | Oral presentation |
| 17:30 | | DISCUSSION | | |
| 17:36 | 185 | Microvascular remodeling and macular cystic changes after retinal detachment treated with silicone oil tamponade | Sibel Doguizi | Oral presentation |

| | | | | |
|---|---|---|---|---|
| 17:41 | 206 | Postoperative OCT findings after pars plana vitrectomy surgery with gas tamponade in rhegmatogenous retinal detachment | Cemile Ucgul Atilgan | Oral presentation |
| 17:46 | 298 | Suprachoroidal visco-buckle for primary RRD: early clinical experience | Stratos Gotzaridis | Oral presentation |
| 17:51 | 454 | Suprachoroidal visco-buckling with restylane for macula-on nasal retinal detachment | Eleftheria Mavridou | Case Presentation |
| 17:53 | | DISCUSSION | | |
| 18:01 | | **END OF DAY ONE** | | |
| 19:30 | | **WELCOME COCKTAIL** | | |
| **Day 2 - Saturday, 7 November** | | | | |
| 08:00 | | **LIVE SURGERY**<br>**Moderators: Giampaolo Gini, Şengül Özdek, Jayant Guha**<br>**Panelists: Ihab Saad Othman, Fanny Nerinckx, Barbara Parolini**<br><br>**Surgeons:**<br>**1. Gokhan Gurelik from Ankara, Turkey**<br>**2. Tansu Erakgun from Izmir, Turkey**<br>**3. Ehab El Rayes from Egypt**<br>**4. Khaled Sabti from Kuwait**<br>**5. Stratos Gotzaridis, Athens**<br>**6. Petros Petrou**<br>**7. Armin Wolf** | | |
| | | **RETINAL DETACHMENT - PART II**<br>**Moderators: Nur Acar Göçgil, Armin Wolf** | | |
| 10:00 | 396 | Predictors of functional recovery after primary rhegmatogenous retinal detachment repair: the role of OCT biomarkers and OCTA parameters | Cemal Can Sahintürk | Oral presentation |
| 10:05 | 439 | Area under the curve visual acuity following rhegmatogenous retinal detachment repair with pneumatic retinopexy(pnr) vs pars plana vitrectomy(ppv) | Gunjan Shah | Oral presentation |
| 10:10 | 220 | Rhegmatogenous retinal detachment in young myopic patients, fragile eyes, bold solutions | Selma Mahmah | Oral presentation |

| | | | | |
|---|---|---|---|---|
| 10:15 | 282 | Surgical approach and visual results in long-standing complicated retinal detachment | Vladislav Dzinic | Oral presentation |
| 10:20 | 583 | Internal Drainage of Subretinal Fluid Using 25/32 Gauge Cannula in Eyes with Rhegmatogenous Retinal Detachment | Kapran Ziya | Oral Presentation |
| 10:25 | | DISCUSSION | | |
| 10:35 | 582 | Why 60%? | Dyedov Andriy | Oral Presentation |
| 10:40 | 490 | Real-world applicability of landmark rhegmatogenous retinal detachment trials: a multicentric retrospective analysis of 300 vitrectomy cases with considerations for non-drainage RRD repair strategies | Giorgio Enrico Bravetti | Oral presentation |
| 10:45 | 557 | Impact of 360-degree versus focal endolaser photocoagulation on corneal sensitivity and subbasal nerve plexus morphology following vitrectomy for rhegmatogenous retinal detachment | Marco Anastasi | Oral presentation |
| 10:50 | 284 | Optical coherence tomography morphological features of peripheral retinal tears associated with fluid passage in rhegmatogenous retinal detachment | Shiva Sabour | Oral presentation |
| 10:55 | | DISCUSSION | | |
| 11:03 | | **COFFEE BREAK** | | |
| 11:23 | 249 | Experimental study on laser photocoagulation-enhanced retinal adhesion: a quantitative biomechanical assessment | Shu Du | Oral presentation |
| 11:28 | 87 | Ocular-only phenotype of stickler syndrome: a rare pedigree of 20 siblings with col2a1 gene mutation. | Bhavini Pandey | Oral presentation |
| 11:33 | 285 | Prophylactic treatment and retinal event-free survival in patiens with stickler syndrome | Burcu Atay | Oral presentation |
| 11:38 | 147 | Surgical treatment of retinal vasoproliferative tumors: a single center 10 years' experience | Remzi Avci | Oral presentation |
| 11:43 | 364 | Seeing beyond the capsule: endo-assisted scleral buckling for retinal detachment in a pseudophakic eye with dense posterior capsular opacification | Rao B S Siddhartha | Case Presentation |
| 11:45 | | DISCUSSION | | |
| | | **MACULAR SURGERY (EPIRETINAL MEMBRANE, MACULAR HOLES) - PART I**<br>**Moderators: Tamer Mahmoud, Remzi Avci** | | |
| 11:55 | 44 | Anatomical and functional outcomes of temporal ILM flap technique for large macular holes: a retrospective case series | Vladimir Suvajac | Oral Presentation |

| | | | | |
|---|---|---|---|---|
| 12:00 | 121 | Small-gauge vitrectomy for idiopathic macular hole repair: a narrative review of outcomes across 23-, 25-, and 27-gauge systems | HamadHejazi | Oral Presentation |
| 12:05 | 274 | Tamponade-free superior ILM flap for idiopathic macular hole repair | Niki Zampogianni | Oral Presentation |
| 12:10 | 67 | Endoret PRGF-gel as an adjunct and alternative strategy in complex macular hole surgery | Daryna Dikunova | Oral Presentation |
| 12:15 | 75 | Treatment of large and extra-large macular holes using a visually guided ILM flap technique | Natalia Kislitsyna | Oral Presentation |
| 12:20 | | DISCUSSION | | |
| 12:30 | 377 | Outcomes of a novel technique that does not require head position in macular hole surgery: application of viscoelastic on an inverted internal limiting membrane flap under air | Oguzhan Saygili | Oral Presentation |
| 12:35 | 401 | Preoperative OCT-derived macular hole indices associated with anatomical and visual outcomes after temporal ILM flap vitrectomy | Dogukan Comerter | Oral Presentation |
| 12:40 | 416 | Pars plana vitrectomy with adjuvant autologous serum (endoret) for refractory macular hole: a retrospective case series | Diogo Rodrigues | Oral Presentation |
| 12:45 | 460 | Ocular biometric characteristics and scleral thickness in idiopathic macular hole: insights into biomechanical pathogenesis | Kazim Erol Muhammet | Oral Presentation |
| 12:50 | | A composite OCT-based scoring system for predicting spontaneous resolution and guiding surgical decision-making in vitreomacular traction | Hyun Suh | Oral Presentation |
| 12:55 | | DISCUSSION | | |
| 13:05 | | **LUNCH SYMPOSIUM: DOCTORS & COMPANY DISCUSSION**<br>**Moderators:**<br>**1. Toward Pi**<br>**2. Oertli** | | |
| | | **MACULAR SURGERY (EPIRETINAL MEMBRANE, MACULAR HOLES) - PART II**<br>**Moderators: Sangeet Mittal, Gürsel Yılmaz** | | |
| 13:55 | | Refining ILM peel: clinical pearls for better outcome | Saad Waheeb | Oral Presentation |
| 14:00 | | Clear Air = Macular Repair: Short-term sterile air tamponade for full-thickness macular holes | Hanna Zubchenko | Oral Presentation |
| 14:05 | 59 | The "lighthouse and sailboat" sign: an OCT marker for ILM tears/rips to optimize surgical peeling and minimize iatrogenic trauma | Sangeet Mittal | Oral Presentation |

| | | | | |
|---|---|---|---|---|
| 14:10 | 389 | Machine learning-based prediction of long-term visual outcomes following idiopathic epiretinal membrane surgery: integrating clinical findings and OCT biomarkers | Özge Yanik Odabas | Oral Presentation |
| 14:15 | | DISCUSSION | | |
| 14:23 | 316 | Microperimetry and structural biomarkers in epiretinal membrane surgery: a comprehensive outcome analysis | Ari Ahmet Hakan | Oral Presentation |
| 14:28 | 155 | Anatomical and functional outcomes of vitrectomy for vitreomacular traction: the role of OCT biomarkers | Roslyn Manrique | Oral Presentation |
| 14:33 | 351 | Epiretinal membrane incidence after spontaneous release vs pneumatic vitreolysis in vitreomacular traction syndrome | Gürsel Yilmaz | Oral Presentation |
| 14:38 | 52 | One tissue, multiple solutions: the expanding role of tenon capsule in retinal surgery | Sevda Hummatova | Oral Presentation |
| 14:43 | | DISCUSSION | | |
| | | **MACULAR SURGERY (EPIRETINAL MEMBRANE, MACULAR HOLES) - PART III**<br>**Moderators: Hussein Almuhtaseb, Adel Alakeely** | | |
| 14:51 | 170 | Long-term outcome of human amniotic membrane patches in optic disc pit maculopathy: a 2-year assessment | Adel Alakeely | Oral Presentation |
| 14:56 | 307 | Anatomical and functional outcomes following pars plana vitrectomy, internal limiting membrane peeling, and gas-tamponade for optic disc pit maculopathy: a retrospective longitudinal OCT-based analysis | Ayse Gul Altinsoy | Oral Presentation |
| 15:01 | 139 | Evaluation of the functional outcomes of successful macular hole surgery using optical coherens tomography and microperimetry | Berk Onaral | Case Presentation |
| 15:03 | 219 | Iatrogenic macular hole caused by accidental subretinal injection of trypan blue: management of a clinical case. | Piera Giunta | Case Presentation |
| 15:05 | | DISCUSSION | | |
| 15:13 | 251 | Combining surgical adjuvants in refractory full-thickness macular holes: visco-assisted subretinal implant of a human amniotic membrane (ham) plug | Francesco Barca | Case Presentation |
| 15:15 | 418 | Autologous tenon's capsule graft in refractory optic disc pit maculopathy | Hüseyin Baran Özdemir | Case Presentation |
| 15:17 | 237 | Genetically confirmed papillorenal syndrome presenting with bilateral morning glory disc anomaly and unilateral optic disc pit-associated maculopathy | Aygül Imamoglu | Case Presentation |
| 15:19 | | DISCUSSION | | |

| | | | | |
|---|---|---|---|---|
| 15:25 | | **COFFEE BREAK** | | |
| | | **PATHOLOGIC MYOPIA**<br>**Moderators: Barbara Parolini, Nicola Ghazi** | | |
| 15:45 | 85 | Macular buckling beyond conventional indications: a salvage and primary strategy for complex myopic macular disorders | Nagesha Chokkahalli Krishnappa | Oral Presentation |
| 15:50 | 405 | Surgical outcomes and prognostic factors in myopic macular hole | Hüseyin Baran Özdemir | Oral Presentation |
| 15:55 | 551 | The deceiving masks of a highly myopic retina | Nicola Ghazi | Oral presentation |
| 16:00 | 65 | My experience in macular buckling for myopic macular tractional maculopathy | Sanat Fayzulloev | Oral Presentation |
| 16:05 | | DISCUSSION | | |
| 16:13 | | Macular buckle: first line or rescue treatment? | Aurelio Apuzzo | Oral Presentation |
| 16:18 | | Macular buckle and macular atrophy | Barbara Parolini | Oral Presentation |
| 16:23 | 515 | Late recurrent retinal detachment seven years after silicone oil removal: tenon's capsule graft for a giant myopic macular hole | Lale Akhundova | Case Presentation |
| 16:28 | 272 | Macular buckling for myopic foveoschisis: to solve problem in current reality | Sanal Ochirov | Case Presentation |
| 16:33 | | DISCUSSION | | |
| 16:41 | | **ZIVOJNOVIC AWARD to Tamer Mahmoud**<br>**Lecture "Macular Holes: ILM peel to transplants. Current and future directions"** | Giampaolo Gini introduces Tamer Mahmoud | |
| | | **COMBINED RETINA SURGERY + CATARACT / IOL / CORNEA /GLAUCOMA - PART I**<br>**Moderators: Walid Zbiba, Piergiacomo Grassi** | | |
| 17:11 | 17 | Combined vs sequential epiretinal surgery: 6-month outcomes and cost analyses | Ali Altan Ertan Boz | Oral presentation |
| 17:16 | 299 | Predictors of refractive astigmatism after combined phacovitrectomy in 1, 041 eyes with coexisting cataract and vitreoretinal disease: a multicenter retrospective cohort study | Efstathios Vounotrypidis | Oral presentation |
| 17:21 | 349 | Vitreous hemorrhage of unknown origin (vhuo): intraoperative etiologies and outcomes following early vitrectomy | Melisa Durakoglu | Oral presentation |

| | | | | |
|---|---|---|---|---|
| 17:26 | 391 | Management of aphakia: how to choose the appropriate technique? | Braham Imène Zhioua | Oral presentation |
| 17:31 | | DISCUSSION | | |
| 17:39 | 386 | Scleral fixation of single-piece s-haptic iols in the absence of capsular support: a new technique | Oleg Unguryanov | Oral presentation |
| 17:44 | 422 | 4 Point scleral fixation technique of intraocular lens using gore-tex ® suture: clinical outcomes | Jaime Francisco Rosales Padron | Oral presentation |
| 17:49 | 466 | Complications and management of modified yamane sutureless transconjunctival intrascleral intraocular lens fixation | Lukas Šemeklis | Oral Presentation |
| 17:54 | 550 | 27-Gauge pars plicata vitrectomy combined with trocar-assisted intrascleral intraocular lens fixation | Işılsu Ezgi Uluışık | Oral presentation |
| 17:59 | 101 | OPTIMIZING INTERSCELERAL FIXATION IN POSTERIOR SEGMENT SURGERY | Maged Gergess | Oral presentation |
| | | **COMBINED RETINA SURGERY + CATARACT / IOL / CORNEA /GLAUCOMA - PART II**<br>**Moderators: Giampaolo Gini, Tansu Erakgun** | | |
| 18:09 | 566 | Long-term outcomes of sutureless scleral fixation Carlevale intraocular lens with scleral grooves | Theodoros Giannopoulos | Oral presentation |
| 18:14 | 574 | Comparison of surgical outcomes of scleral fixation of Akreos AO60 with Gore-Tex suture and Carlevale sutureless scleral fixation | Piergiacomo Grassi | Oral Presentation |
| 18:19 | 427 | When the bag is gone and the retina is detached: managing the ultimate double challenge | Walid Zbiba | Oral presentation |
| 18:24 | 340 | Real-world outcomes of a retina-based stepwise management algorithm for neovascular glaucoma | Mehmet Orkun Sevik | Oral presentation |
| 18:29 | 458 | What the retina surgeon should know about glaucoma valve surgery | Ioannis Mallias | Oral presentation |
| 18:34 | | DISCUSSION | | |
| 18:44 | 465 | Pars plana implantation of glaucoma drainage devices in vitrectomized eyes for refractory glaucoma: a case series | Azizbek Zakhidov | Oral presentation |
| 18:49 | 539 | When vitrectomy alone is not enough: combined surgery with TKPS and drainage devices | Giampaolo Gini | Case Presentation |
| 18:51 | 568 | Management of cystoid macular edema due to iris chafing from an anterior segment IOL | Eleftherios Roumeliotis | Case Presentation |

| | | | | |
|---|---|---|---|---|
| 18:53 | | Surgical repositioning of an inverted Carlevale scleral-fixated intraocular lens following complicated cataract surgery | Razis Zafiris | Case Presentation |
| 18:55 | 110 | Double-flanged scleral fixation for dislocated single-piece c- loop foldable intraocular lenses: single-knot haptic extension technique | Tansu Erakgun | Case Presentation |
| 18:57 | | DISCUSSION | | |
| 19:07 | | **END OF DAY TWO** | | |
| **Day 3 - Sunday, 8 November** | | | | |
| | | **PROLIFERATIVE VITREO RETINOPATHY (PVR)**<br>**Moderators: Athanasios Nikolakopoulos, Murat Öncel** | | |
| 08:00 | 94 | Beyond reattachment: real-world analysis of advanced PVR in 118 eyes - tamponade selection, methotrexate adjunct, outcomes and predictors of failure | Reha Vijay | Oral presentation |
| 08:05 | 160 | PVR: The ever lasting battle | Ashraf Shaarawy | Oral presentation |
| 08:10 | 172 | Intravitreal methotrexate injections as a game-changer in proliferative vitreoretinal disease: early results from a prospective case series | Meriem Abdellaoui | Oral presentation |
| 08:15 | 245 | Buckle phaco vitrectomy for retinal detachment with PVR: | Wael Ewais | Oral presentation |
| 08:20 | | Outcomes of complex retinal detachment repair with proliferative vitreoretinopathy grade c using the cincinnati methotrexate protocol | Denis Huang | Oral presentation |
| 08:25 | | DISCUSSION | | |
| 08:35 | 19 | Mastering subretinal band management in PVR-related detachments. | Samir El Baha | Oral presentation |
| 08:40 | 111 | A novel modified silicone oil (2000cst) versus standard silicone oil (1000 cst) in complex vitreoretinal surgery | Murat Öncel | Oral presentation |
| 08:45 | 324 | Staged success: short-term PFCL tamponade followed by silicone oil exchange in complex retinal detachment repair | Rajiv Gandhi | Oral presentation |
| 08:50 | 231 | Anatomical outcomes and recurrence rates after retinectomy in rhegmatogenous/combined retinal detachment. | Priyanka Raj | Oral presentation |
| 08:55 | 474 | Membrane peeling under silicone oil | Srinivas M. Joshi | Oral presentation |

| | | | | |
|---|---|---|---|---|
| 09:00 | | DISCUSSION | | |
| 09:10 | 167 | Meniscus micropyon - a possible indicator of inflammation and proliferation after vitrectomy with gas tamponade | Yevhenii Chumakov | Oral presentation |
| 09:15 | | A novel hypothesis for siliconoil-induced toxicity | Armin Wolf | Oral presentation |
| 09:20 | 367 | The missing support: successful retinal reattachment after scleral buckle augmentation under silicone oil | Devashree Moktan | Case Presentation |
| 09:22 | 118 | Closed funnel RRD+subretinal-strands (try to make the hard possible!!) | Fathi Zenbil | Case Presentation |
| 09:24 | | DISCUSSION | | |
| | | **GVRS - GREEK VITREORETINAL SOCIETY SYMPOSIUM "Facing a cataract complication. What to do and what Not to do when a cataract complication occur"**<br>**Chairmen: Athanasios Nikolakopoulos, S. Parikakis** | | |
| 09:34 | | TBD | Em Mavrikakis | |
| 09:39 | | TBD | Vag Manousakis | |
| 09:44 | | TBD | Kostis Nikolakopoulos | |
| 09:49 | | DISCUSSION | | |
| 09:55 | | **EVRS AWARD to Francesco Bandello**<br>**Lecture "RETINAL ANGIOMATOSIS"** | | |
| 10:25 | | **COFFEE BREAK** | | |
| | | **INNOVATIONS & LATE BREAKING DEVELOPMENTS**<br>**Moderators: Christopher Riemann, Linda Lam** | | |
| 10:45 | 537 | Electromagnetic characteristics of floaters and the rationale for floaterectomy | Giampaolo Gini | Oral Presentation |
| 10:50 | 188 | Il-10 negativization may precede structural regression in vitreoretinal lymphoma: longitudinal OCT and cytokine correlation during intravitreal therapy | Maria Carmela Saturno | Oral presentation |
| 10:55 | 70 | Chandelier-assisted scleral buckling with 3d viewing system: novel approach in traditional surgery for the next generation of vitreoretinal surgeons | Ludovico Iannetti | Oral Presentation |

| | | | | |
|---|---|---|---|---|
| 11:00 | 302 | MANS (modulated angio-navigation via solea), first world wide LED based intraocular flourescein angiography | Ahmed Mansour | Oral Presentation |
| 11:05 | | DISCUSSION | | |
| 11:13 | 543 | A novel vitreoretinal surgery system: controllable nano-coated membranes and electromagnetic nanoparticles for retinal regeneration in retintis pigmentosa | Mehran Masoudnaseri | Oral Presentation |
| 11:18 | 109 | Suprachoroidal viscobuckling for rhegmatogenous retinal detachment with superior breaks in phakic eyes | Tansu Erakgun | Oral presentation |
| 11:23 | | Neuroprotective Roles of Estrogen in the Neural Retina: Current Paradigms | Linda Lam | Oral presentation |
| 11:28 | 534 | Artificial intelligence in healthcare and retina: fundamentals, applications, risks, and global collaboration | Hussein Almuhtaseb | Oral Presentation |
| 11:33 | 725 | Results of the fixer-mtc trial | Christopher Riemann | Short communication / Free Paper |
| 11:38 | | DISCUSSION | | |
| | | **INDIAN RETINA SOCIETY SYMPOSIUM "Complex Surgical Scenarios"**<br>**Chairmen: Anand Rajendran, Mahesh Gopalakrishnan** | | |
| 11:48 | | Dealing with Diabetic Detachments | Mahesh Gopalakrishnan | |
| 11:54 | | Conquering Challenging PVR | Anand Rajendran | |
| 12:00 | | Submacular Surgeries with a novel graft option | Subhendu Boral | |
| 12:06 | | Taming traumatised detachments & intraocular foreign bodies | Sangeet Mittal | |
| 12:12 | | DISCUSSION | | |
| 12:18 | | **MEOM ACADEMY SYMPOSIUM "My Most Epic Retina Case!"**<br>**Chairman: Ahmed Sallam**<br>**Panelists: Ahmed Sallam, Mohammed Amri, Mohamed Awdallah, Aziz Jan Bashir, Tatiana Avenosova** | | |
| 12:43 | | DISCUSSION | | |
| 12:48 | | **LUNCH** | | |

| | | | | |
|---|---|---|---|---|
| | | **SURGICAL TIPS & TRICKS (MY WAY) & COMPLICATIONS - PART I**<br>**Moderators: Ivan Fiser, Levent Karabaş** | | |
| 13:38 | 40 | Intracameral sodium hyaluronate for prevention of early postoperative hypotony following silicone oil removal | Levent Karabaş | Oral presentation |
| 13:43 | 31 | Vitreous lavage in upright position- an innovative topical air fluid exchange (afe) for recurrent vh | Harshal Sahare | Oral Presentation |
| 13:48 | 565 | Surgical management of central retinal artery occlusion: is it possible? | Mohamed Bouassida | Oral presentation |
| 13:53 | 561 | Atraumatic ILM peeling without forceps: old new technique | Ivan Fiser | Oral presentation |
| 13:58 | 89 | Postoperative inflammatory macular edema in vitreous silicone oil tamponade: do vitreous dexamethasone implants have positive effect? | Christopher Berthel | Oral Presentation |
| 14:03 | | DISCUSSION | | |
| | | **THE VIT-BUCKLE SOCIETY SYMPOSIUM**<br>**Chairmen: Danilo Iannetta,** | | |
| 14:13 | | TBD | Danilo Iannetta + panelists | |
| 14:48 | | DISCUSSION | | |
| 14:53 | | **COFFEE BREAK** | | |
| 15:13 | | **EVRS YOUNG Session**<br>**Chairmen: Marco Anastasi, H. Baran Özdemir**<br>**Panelists: EVRS Young Team** | | |
| | | **OCULAR TRAUMA**<br>**Moderators: Mahmoud Soliman, Eleonora Lavaque** | | |
| 15:53 | 36 | From anatomical success to corneal failure: long-term outcomes of bull horn-related ocular trauma | Ecem Onder Tokuc | Oral Presentation |
| 15:58 | 144 | Retention sutures vs scleral-fixated IOL for preventing anterior chamber migration of silicone oil in eyes with traumatic aniridia, aphakia, and retinal detachment | Egor Arkhipov | Oral Presentation |
| 16:03 | 233 | Intraocular foreign bodies | Miroslav Stamenkovic | Oral Presentation |
| 16:08 | 238 | The fifty shades of siderosis bulbi | Mahmoud Soliman | Oral Presentation |

| | | | | |
|---|---|---|---|---|
| 16:13 | | DISCUSSION | | |
| 16:21 | 311 | Comparison of orbital computed tomography findings and surgical findings in posterior segment ocular foreign body injuries | Esin Kirikkaya | Oral Presentation |
| 16:26 | 348 | When less is more in open globe ocular trauma | Eleonora Lavaque | Case Presentation |
| 16:28 | 35 | Iatrogenic globe penetration during retrobulbar anesthesia: intraoperative hemorrhage and surgical management | Ecem Onder Tokuc | Case Presentation |
| 16:30 | | DISCUSSION | | |
| | | **VAR in VR Surgery: Instant Replay—Learning from Critical Surgical Moments**<br>**Moderator: Ahmed Sallam** | | |
| 16:36 | | DISCUSSION | | |
| | | **BRC - BRIDGE RETINA CONGRESS SYMPOSIUM "A Bad Day in the Kitchen"**<br>**Chairmen: Ashraf Shaarawy, Ahmed Sallam** | | |
| 17:36 | | Three Planes, One Eye, One Chance A Complex Vitreoretinal Reconstruction. | Sevda Hummatova | |
| 17:39 | | The cut you didn't order: An intra-operative GRT during Table top TRD surgery | Sangeet Mittal | |
| 17:42 | | The moment when the retina slides away from the track | Ashraf Shaarawy | |
| 17:45 | | Zero Margin for Error: Untangling Retinal Incarceration and Catastrophic Macular Folds in Open Globe Trauma | Vaibhav Sethi | |
| 17:48 | | It's not getting flat! | Monsef Kharboush | |
| 17:51 | | Complications of subretinal TPA injection | Mohsen Abou Shousha | |
| 17:54 | | Retinal slippage at its best! | Ahmed Sallam | |
| 17:57 | | The Silent Ciliary Body: Choroidal Detachment Secondary to Ciliary Body Shutdown Following Complicated Phacoemulsification with Dropped Nucleus | Sherif Shaarawy | |
| 18:00 | | DISCUSSION | | |

| | | | | |
|---|---|---|---|---|
| 18:03 | | **CLOSURE REMARKS** | Giampaolo Gini | |
| 18:18 | | **EVRS GLOBAL General Assembly** | | |
